

LEAVENWORTH COUNTY FAIR

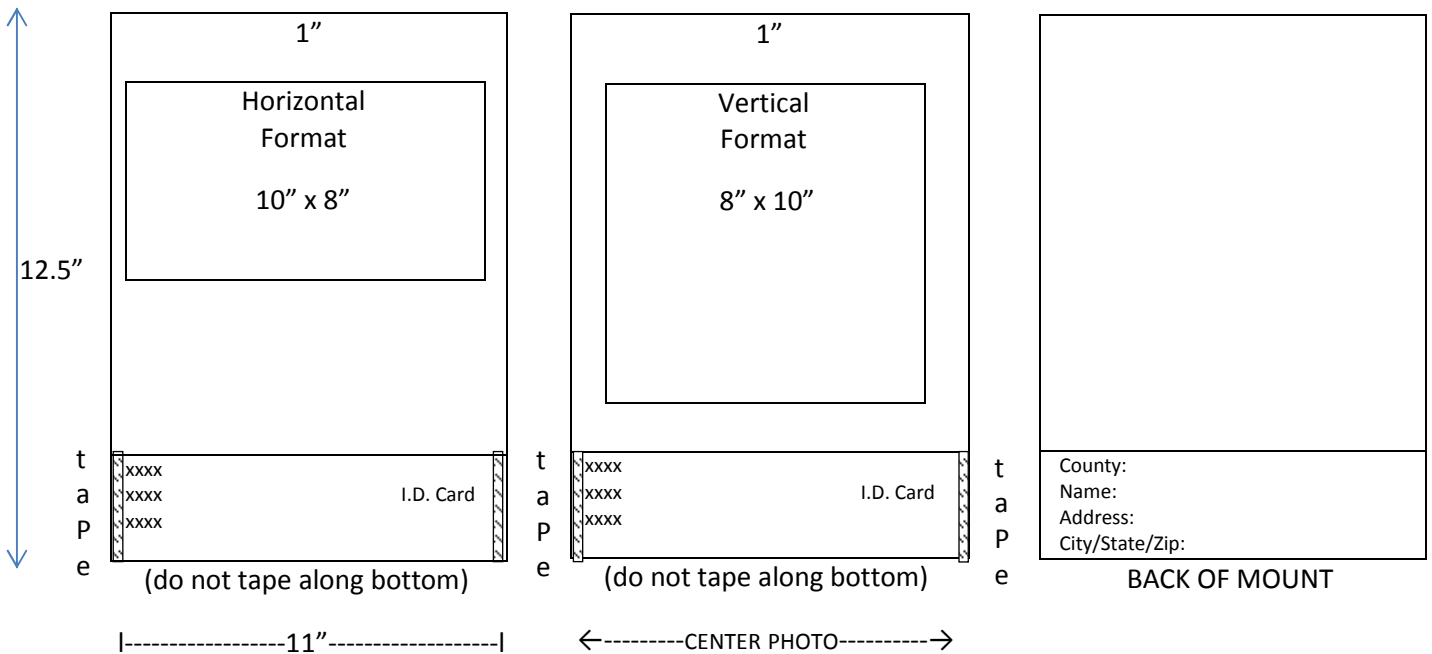

PHOTOGRAPHY ID CARD

Photo ID Cards are available at the Extension Office. Cards are to be completed and attached to the bottom left hand front of the photo mount. Use 1" wide masking tape, fold tape around edge of mount. Do not stick tape to front of mount.

Name: _____	Ribbon Placing Here	Special Awards Here	Photo Title: _____
Club: _____			
Section #: _____			
Class #: _____			

Photo entries must be mounted according to the Leavenworth County Fair Rules. Use the illustration below as a guide for correct photo and ID placement. Correct mounting adhesive must be used – only adhesives designed for permanent photography mounting. ***Double stick tape, rubber cement, or other household glues are not permanent.***

Studio mount board must be used. Be sure to check the size of the print before mounting. It must be no smaller than 7" x 9" and no larger than 8" x 10". Photos improperly mounted will have their ribbon placing lowered one placing and will not be eligible for State Fair.

These examples are for an 8" x 10" mounting, but the photo could be as small as 7" x 9" or anything in between the two sizes.

Once mounted place in photo bag (available at the Extension Office) and do not seal.
