Enrollment for the 2018-2019 4-H year is now open. Please remember that you must enroll in 4honline each year to be considered an active 4-Her. Please also remember that all adults who serve as a leader/volunteer within our 4-H program need to also enroll annually through 4honline. Below are quick points to help you through the process.

* Please go to ks.4honline.com to get started

* If you are a returning family, use your log-in and password from last year. Do not create a new account. If you have forgotten your password, please contact the office and we can reset it for you.

* Remember to update family address, phone numbers and email addresses. The Extension Office uses this information on a regular basis to contact your family. If the information is not correct, you may miss important information throughout the 4-H year.

* Reminder that 4-Hers will not be active until payment of the annual $15 fee is received and processed by the State Office. Please do not wait to make that payment.

* For more detailed information on enrollment, please take a look at the instruction guides available on 4honline and on our website: leavenworth.ksu.edu.

* Like always if you have questions or need assistance, please contact the Extension Office: (913)364-5700.
Never Too Early to Start Record Books!!

I know what you are thinking “We just did record books”! It is never too early to start preparing for record books for next year. Simply print off the membership application you want to work toward, your permanent record and KAP forms now and that way you know what requirements you need to work on and have a form where you can take notes and records as you complete activities instead of waiting until the end of the year and trying to remember what all you accomplished. If you need assistance understanding forms or where to locate forms, please give the office a shout. We are hear to help you!!
