

FairEntry System Information

Register in FairEntry now until June 30th. You will access the FairEntry program through our website, leavenworth.ksu.edu, 4-H Youth Development, then 4-H Fairbook & Information or by going to faireentry.com. The system works with your 4-H Online Enrollment information. You will use your family account email and password to log in to FairEntry. *It is important to remember that only the projects that you enrolled in through 4honline will be available for fair entries.*

IMPORTANT: Complete entries for ALL 4-H members in your family BEFORE selecting the submit button. Entries may be adjusted in the account before the submit button is selected until June 30, but become final when the submit button is selected. There will be no changes made after June 30.

There is a \$2.00 fee per exhibitor, which can be paid online or at the Extension Office.

If you have any questions, please access the 4-H FairEntry Guide/Help Sheet located on our website. Within the guides are step-by-step written instructions and screenshots of examples of pages you will see.

If you need further assistance or access to a computer come into the Extension Office or give us a call at 913-364-5700.

Building Exhibit Check-in

The below information applies to Building Exhibits only. This would include any project that is displayed in a building such as Photography, Foods, Visual Arts, Fiber Arts, Woodworking, Posters and Displays, Home Environment, Entomology, Energy Management, Cloverbuds, and Space Tech. Each 4-Her will pick up **only** the cards for the projects they are bringing to fair. The 4-Her will receive all of their Building Exhibit entry cards at one time instead of at each judging area. You still need to bring your projects to the designated areas where entries are accepted during the times listed on the 4-H Pre-Fair & Fair Week Activities. The below areas are **not a place to drop off projects**, only pick up entry cards. Please try to come to one of the times below to get entry cards. Staff will be available in the office to print cards as well but will not have as many resources as during the below times so it may take longer. It is highly encouraged to come to one of the below times. If you have questions, please contact the office at 913-364-5700.

2019 LEAVENWORTH COUNTY FAIR

2019 Leavenworth County PreFair Reminders

- Register Entries for Fair in FairEntry online system by June 30th.
- Read all rules for each project you will be bringing to fair. Rules can be found on our website: [leavenworth.ksu.edu/4-H Youth Development/4-H Fair Book & Information](http://leavenworth.ksu.edu/4-H>YouthDevelopment/4-HFairBook&Information).
- Talk to your club leader regarding what shift you will be working in the Leavenworth County Council 4-H Food Stand
- Attend food safety training so you are ready to work the Food Stand
- Talk to your community leader about signing up for Building Watch

A Note from the Leavenworth Co Fair Association:

Attention Livestock Exhibitors: Please be informed that no animals will be allowed to ship on Friday as they have in the past. Because of this and the fact that other county fairs are occurring on the same week as ours, all lockers are requiring appointment only for extra animals. If you intend to ship your extra animals to a custom locker, you must be certain that they will accept your animal prior to the fair. Animals sold through the auction will be accepted by the lockers. As always, a floor buyer has been obtained to purchase any extra animals. If you have any questions about this, please contact Ron Ewert at (816) 457-3434, ron@mjcelectriccompany.com or Andrew Breuer at (913) 915-5091.

Reminder from the Leavenworth County Fair Association: The fairgrounds will be closed from July 5th - July 13th for the Rodeo Camp. There will be no access allowed to the grounds during this time.

Food Safety Training for Leavenworth County Council 4-H Food Stand

Please have your 4-Hers RSVP to Chelsi at chelsim@ksu.edu which session they will be attending. This is **required** for food handling in the 4-H Food Stand. Sessions will only be 30 min. If none of these times work, PLEASE reach out to Chelsi to set up another time.

2019 LEAVENWORTH COUNTY FAIR

Leavenworth County Fair Set-Up and Clean-Up

All 4-H families are responsible for helping set up the fair grounds for fair week and for helping clean up after fair is over. For fair set-up, everyone will meet in the show arena on Sunday and we will assign areas for all to set up. Clean-up will be a bit different. An area of the fairgrounds will be assigned to each club to make sure that everything gets taken care of. Please bring brooms, trash bags, or any other items you feel will help in the process. Each club will be required to assign two members (older teens or adults preferred) to the food stand to help with set-up. Please determine this prior to Sunday. 4-Hers will still need to meet in the show arena and then will be dismissed to the food stand. If you cannot make the scheduled time, please come when you can. There is plenty to do in order to get the fairgrounds "fair" ready!!

New 4-H Projects at Leavenworth County Fair 2019

Table Setting

(You do not have to be enrolled in Foods to participate.)

Table setting is a new project area this year. All supplies must be furnished and kept in order by the exhibitor. One-half of an 8-foot table will be provided for the 4-Her to set up. No food should be used. An individual place setting may include linens, dishes, silverware/utensils and center piece for one place setting only. Paper and plastic products are acceptable. You will set-up your table prior to judging, but will sit with judge, discuss your choices, menu, table theme, and answer questions the judge may have. Following judging all items will be left for public viewing during the fair week. Please read the complete list of rules on our website: [leavenworth.ksu.edu/4-H Youth Development/Fair Book and Information](http://leavenworth.ksu.edu/4-H>YouthDevelopment/FairBookandInformation).

Recycled Clothing Project

Recycled Clothing Project is part of the Clothing and Textiles project. You must be enrolled in Clothing and Textiles to participate. To qualify for the recycled clothing category, your item must be made of at least 50% recycled material (recycled means reusing an existing item in a new way). Could be remaking/ redesigning a garment, re-purposing a clothing item for a new use, etc. Must include sewing of some kind. A3"x5" index card MUST accompany entry describing the recycled materials and how they were used in the item. Please read the complete list of rules on our website: [leavenworth.ksu.edu/4-H Youth Development/Fair Book and Information](http://leavenworth.ksu.edu/4-H>YouthDevelopment/FairBookandInformation).

PROJECT NEWS

Early Judging for Forestry, Geology & Wildlife

We are going to try something new this year. 4-Hers who are enrolled in Forestry, Geology and Wildlife projects will participate in early judging. Please note that this is a trial run for us but due to low numbers in entries over the past few years and the challenge of getting qualified judges within these project areas, we feel it will be beneficial to participate in a regional judging event for these areas. A pre-fair entry form has been sent by email to those families enrolled in these projects. Again as a reminder, this does not replace your entry through FairEntry, our online entry system. Pre-Entry Forms for these projects are due to the Extension Office by June 21st and electric entries through FairEntry will follow the same deadline as other projects, June 30th. Day of Judging will be July 8, 2019 in Holton, KS.

Record Book Corner

Questions to ask yourself as you prepare for record books:

- What did you learn from your project(s)?
- Did you meet any of your goals? If so, what helped you attain those? If not, what were some obstacles that might have prevented you from reaching your goals?
- How did your project change or grow within the year or from previous years?
- Did you serve in any type of leadership capacity?
- What impact did your involvement have on you, your club, or community?
- How have your project experiences influenced your future career choice?

Check out the Record Book Corner in each monthly newsletter for record book tips and tricks!
