Please be informed that no animals will be allowed to ship on Friday as they have in the past. Because of this and the fact that other county fairs are occurring on the same week as ours, all lockers are requiring appointment only for extra animals. If you intend to ship your extra animals to a custom locker, you must be certain that they will accept your animal prior to the fair. Animals sold through the auction will be accepted by the lockers. As always, a floor buyer has been obtained to purchase any extra animals.
