Our purpose is to provide the plants and habitat for pollinators, especially Monarch Butterflies. Monarch butterfly populations are declining and it is important to make people aware of the need to provide pesticide free host plants and habitat to help them. In September we have an Open House during the annual Monarch migration. We tag butterflies and send them on their way to Mexico for the winter. The garden is open to the public daily.
Monarch Waystation—Leavenworth Public Library, 417 Spruce, Leavenworth, KS

The garden provides nectar plants for monarch butterflies and host plants for caterpillars to munch on for their development into butterflies.

Basehor Library Garden—Basehor Community Library, 1400 158th St. Basehor, KS

The Basehor Library garden was taken over by Leavenworth County Master Gardeners in 2015 and transformed into an educational and Monarch way station garden.
Herb Garden— Carroll Mansion, 1128 5th Ave. Leavenworth, KS

The herb garden is part of Carroll Mansion. The brick walk takes you around an old fashion garden wheel herb bed. The garden is also made up of individual specialty gardens including kitchen, cottage, heirloom, salad, fragrance, tea, butterfly and medicine beds.

Rose Garden— Carroll Mansion, 1128 5th Ave. Leavenworth, KS

The Rose Garden is located beside Carroll Mansion. The garden contains a variety of roses that were provided by the Historical Society.
4-H Horticulture Judging

Started in 2015, this project was set up for the participation of 4-Hers. The contest is a qualifying event for the state 4-H Horticulture Judging Contest.
